BOARD:

The screenshot displays the Jira Software interface for the 'IBM IOT' project. The top navigation bar includes 'Your work', 'Projects', 'Filters', 'Dashboards', 'People', and 'Apps', along with a 'Create' button and a search bar. A banner at the top asks, 'Does your team need more from Jira? Get a free trial of our Standard plan.' The left sidebar shows the project structure: 'PLANNING' (Roadmap, Backlog) and 'DEVELOPMENT' (Code, Project pages, Add shortcut, Project settings). The main area is titled 'All sprints' and shows a Kanban board with three columns: 'TO DO', 'IN PROGRESS', and 'DONE 14 ISSUES'. The 'DONE' column contains three user stories: 'As a user, I can register for the application by entering my email, and password, and confirming user password.' (ID: II-1), 'As a user, I can sign up by giving the details.' (ID: II-2), and 'As a user, I can register for the application' (ID: II-3). Each story is assigned to a team member (L, KA, A). The bottom of the screen shows the Windows taskbar with various application icons and system information: 29°C Cloudy, 1:21 PM, 11/10/2022.
